## Three ways you can use your Reward Points

### 1 Receive Quarterly Vouchers

Once you earn 300+ points on your Reward Card, these will be taken off your card and given to you as Reward Cash Vouchers, appearing at the bottom of your quarterly mailings. The value of the vouchers depends on how much you have shopped and presented your Reward Card at Superquinn.

#### Easy to use...

Simply detach your Cash Voucher from your quarterly mailing and present these along with your Reward Card the next time you shop at Superquinn. The value of your Cash Voucher will be taken off your shopping at the check-out, giving you savings on your shopping.

Note; you need to opt-in to Cash Vouchers in order to benefit from this saving. Your quarterly mailing will also include supplier coupons, promotions and other items of interest.

### 2 Save & Cash-in At The Till

Receive instant savings on your shopping by using your save points immediately.

#### Easy to use...

Simply present your Reward Card at the till and say to the check-out operator that you would like to cash-in your points against your shopping.
